

THINGS TO COME | BEHOLD, I AM COMING SOON
REVELATION 22:1-7

Man can never create a utopia. Only God can create a perfect heavens and earth where we can dwell for all eternity. We are made for a person and a place. The person is Jesus, and the place is eternity. In Revelation 21, we learned about the new heavens, new earth, and new Jerusalem. We are given a glimpse of the wonderful things that are to come in eternity. The scene John records blows us away as we focus on the magnificence of the New Jerusalem and the things that are absent because of the presence of God, Himself. In chapter, 22 we learn more about this wonderful city where we will live in the future. We learn about the blessings God will pour upon us. We have a wonderful future in store for us, because the curses of Eden have been reversed. What can we know about the city, its citizens, and Christ from Revelation 22?

1. We know that in the city God will _____ us, _____ us, _____ us, and _____ our way for all eternity.

2. We know that we will _____, _____, and _____ with Christ.

3. We know that Christ will _____ for us and _____ us for _____ on to the truth of this book.
