

THINGS TO COME | THE CRY OF THE SAINTS & COSMIC HYSTERIA REVELATION 6:9-17

Last week, we read in chapter six, John's future vision, that Jesus began to open the seven seals. The first four seals will be terrifying: The white horse signified the conqueror (whom I believe can only be the imposter, and anti-Christ), the red horse brought war, the black horse brought inflation and famine, and the pale horse brought death. These events must occur for Jesus to reclaim this world and take His rightful place on the throne. David Jeremiah writes: "Satan gained control of the earth in the Garden of Eden, through man's disobedience. Jesus Christ will regain that control forever . . . all who oppose God must be judged before He returns to rule His kingdom." What will the fifth and sixth seal be and who will be affected?

1. The fifth seal reveals that many will be slain during the tribulation for following Christ, but their suffering will not go unnoticed, and they will receive both rest and justice. (6:9-11)
2. The sixth seal reveals mankind will be terrified by the inescapable judgement of God during the tribulation as He "shakes the world like a rag doll". (6:12-17)
